

BB OLYMPICS

THE BRIEFING

For years, tribes from all over Australia have gathered to seek fame and glory! Born from the ashes, like the dawn of a new day, the BB Olympics is here bigger and more glorious than ever before.

This is arguably the fiercest and most competitive Olympics event in world history! The only difference is that your tribe is not striving for gold medals, but instead a much more sought-after prize... **You are striving for tribal supremacy!**

The BB Olympics is all about teamwork. Your tribe will be required to strengthen bonds and lift in spirit as you complete in the challenges the Olympics has to offer. To be victorious, your tribe needs to be courageous, creative, to have strength, teamwork and passion that burns brighter than the brightest stars in the sky. Scores are given for every event that your tribe completes in the Olympics, which are as follows:

- Tribal Flag
- Opening Ceremony March In
- Tribal War Dance
- Olympic events

The tribe who gains the highest overall score will be crowned the BB Olympics champions. Extra points will be awarded for encouragement, good behaviour and willingness to listen to the announcers.

Remember: short and sweet is the key.

Please stress the need to keep to the time, but don't forget to have fun!
