

# THE GAME SHOW CHALLENGE

## The Game Show Challenge

### The Vision:

Light-hearted competition between tribes to develop camp culture. The tribes will rotate through a series of game show style activities with the aim to earn points and come out as the number one tribe!

### The Brief:

Tribes will rotate through a series of Game Show challenges with the aim to accumulate as many points as they can while having a great time.

Tribes will rotate, round-robin style, through all the Game Show challenges and each activity will keep record of each tribe's score for their game show. The Game Show points will be tallied, and a winner announced to the camp on completion of the challenges.

Note: The points scored from the last round will not be shared with any tribe to make the winning announcement a surprise.

Tribal Feud, The Chase and Lego Masters will be tribe vs tribe. Spelling Bee and Thank Goodness You're Here be played at the same time by two teams but as individual tribe challenges.

Each tribe will participate in all Game Shows in the rotations.
