

# THE CHASE

This Game Show Challenge will be tribe versus tribe. One tribe will be the 'chaser team' and the other tribe will be the 'guest team'.

The tribes will play in a quick point round, having one minute each to gain as many points as they can, by answering quick fire questions as a team.

The winning tribe from the quick-fire round will then be the 'guest team' and start 2 places ahead on the chase board of the other tribe, the 'chaser team'. Each tribe will then participate in the chase round against the other tribe, moving forward along the board for each correct multiple-choice answer. Each tribe chooses an answer and reveals it at the same time as the other tribe, using multiple choice cards.

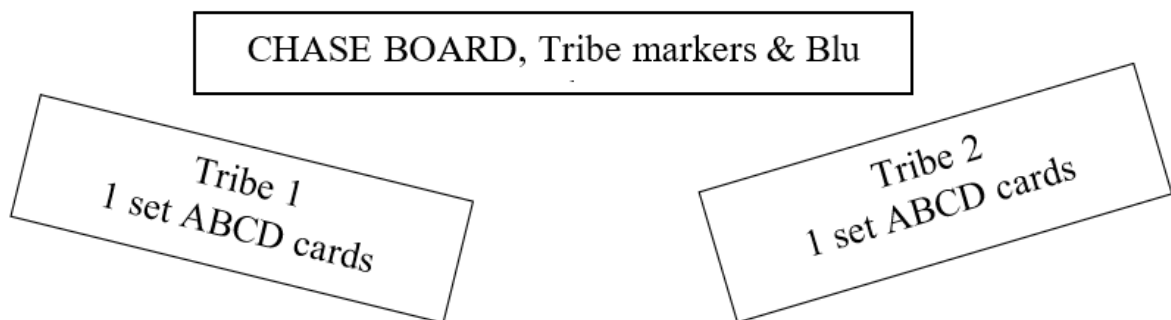

*If the chase team wins too quickly, you can continue with questions to gain extra points for the teams until the 20 min rotation time is up.*

**Location:** Main Entrance

**Resources:** 1x Quick Question sheet, 1x Multiple choice question sheet, 1x Points sheet, 1x Chase Board, 11x Tribe Markers, Blu Tack, 2x ABCD multiple choice cards.

**Points:** Each correct answer in chase round = 1 point.

Winning tribe of the round = 5 bonus points. Either the tribe to reach the finish or catch the other tribe is the winner.

**How to explain the game:**

The game will start with the quick point round. Each tribe will have one minute to answer as many questions as they can, receiving one point for each correct answer.

Your tribes will then assume their place on the 'Chaser board' with the winner of the quick round – The 'Guest' Team, 3 places ahead of the 'Chaser' team. Questions in this round will be multiple choice and teams will decide their answer together using multiple choice cards and reveal their answer at the same time as the other tribe, when asked by the host.

Each team will progress forward one place if their answer is correct or remain in place if it is incorrect. For each correct answer the team will also gain one point.

The team to 'win' the chase will receive an extra 5 points. To win, the 'guest team' must reach the end of the board or the 'chase team' must catch the 'guest team'.

Points will be recorded on the point sheet and revealed at the end of the Game Show Challenge.

In this case the Titans are chasing the Cavaliers
